Reach Position Statement

REACH is a European Union regulation dealing with the registration, evaluation, authorization and restriction of chemicals. It is designed to control Substances of Very High Concern "SVHC"s.

By a self assessment process, Gidel Ltd. (Gidel) has evaluated itself as "downstream user" according to the REACH supply chain. It does not place into the market chemicals nor devices that intend to release chemical within normal use.

Gidel evaluated its products and shipping materials based on its suppliers and assembly manufacture information as received up to the SVHC list of 205 substances updated Jan 16, 2020 and their weight percentage in the articles. Except for the SVHC listed in the table below the other SVHC are not present above 0.1% by weight in any Gidel new products.

The information on Gidel products provided in the letter is based upon information provided by Gidel's suppliers and assembly manufacturers. As such, Gidel doesn't make any representations or warranties, expressed or implied, and assumes no liability of this information and its use.

Gidel, Ltd.
Quality Assurance Department

The following materials may contain more than 0.1% by weight in some of Gidel's products

Substance name	CAS #	EC #	Note
Lead (Pb)	7439-92-1	231-100-4	Gidel products may include electronic ceramic passive parts and solders that are RoHS Exempt.
1,2-dimethoxyethane, ethylene glycol dimethyl ether (EGDME)	203-794-9	110-71-4	
4,4'-isopropylidenediphenol (BPA)	80-05-7	201-245-8
